

NEPHROLOGY NURSES AND TECHNICIANS PROGRAM

Tuesday, April 13 th				
Time	Session Number	Session Title	Course Director(s)	Notes
7:30am – 5:00pm	320	CKD 101	Elizabeth Henry, RN, CNN	⊙
7:30am – 4:00pm	220	Trends in Kidney Transplantation: What's Hot in 2010	Heidi Schaefer, MD	⊙ ★
7:00am – 5:15pm	221	Integrated Hemodialysis/Peritoneal Dialysis	Joanne Bargman, MD, FACP John Burkart, MD	⊙ ★
7:30am – 5:30pm	223	Dialysis Unit Management	Thomas A. Golper, MD	⊙ ★
7:30am – 4:30pm	226	CKD Clinics	Jerry Yee, MD Sandeep Soman, MD	⊙ ★
Wednesday, April 14 th				
Time	Session Number	Session Title	Speaker(s)	Notes
6:00am – 7:45am	800	Effective Management of Hyponatremia <i>Supported by an unrestricted medical educational grant from Otsuka America Pharmaceutical, Inc.</i>	Chair: Richard H. Sterns, MD	
		The Pathogenesis of Hyponatremia	Richard H. Sterns, MD	
		Managing the Rate of Correction in Patients with Hyponatremia: Avoiding the Pitfalls	Richard H. Sterns, MD	
		Vasopressin Receptor Antagonists: Exploring Their Evolving Role in Management of Hyponatremia	Joseph G. Verbalis, MD	
		Panel Discussion: Easing the Burden of Hyponatremia	Richard H. Sterns, MD	
8:00am-9:30am	262	Home Dialysis Daily Home Dialysis: Equipment Issues	Chairs: Bessie Young, MD, MPH & Robert Lockridge, MD John Moran, MB, BS FRACP MACP FASN	★

		Home Dialysis Patient Selection and Burnout	Robert Lockridge, MD	
		Update from the Frequent Hemodialysis Network	Alan Klinger, MD	
8:00am-9:30am	460	The Use of Humor in the Medical Setting	Mary McKinney, LCSW, ACSW, MSW, MPA	**
9:30am-10:00am		Break		
10:00am-11:30am	360	Infection Control Update	Chair: Danilo Concepcion, CHT, CCHT	
		Pandemic Infections		
		Tools to Assist the Facilities – CNNT, CDC, APIC	Taranisia MacCannell, PhD, MSc	
		CMS infection control regs review	Patrice Zyry, BSN, RN, CNN	
10:00am-11:30am	265	Inflammation & Wasting Syndrome & Nutrition in CKD	Chair: Kirsten Johansen, MD	*
		Muscle Wasting Associated with Dialysis	T.Alp Ikizler, MD	
		Enterol and Parenteral Supplementation in Dialysis	Noël Cano, MD	
		Appetite Stimulants	Marcia Kalista-Richards, MPH, RD, CNSC, LDN	
12:00pm-2:00pm	361	Council of Nephrology Nurses and Technicians Networking Luncheon – All are welcome!	Session Chair: Beverly Sneed	
		An Intervention to Improve Medication Adherence in Adult Renal Transplant Recipients	Cynthia Russell, PhD, RN	
			Troy Zimmerman	
2:00pm-2:30pm		Break		
2:30pm-3:30pm	266	NKF Presidential Address: Quality in Kidney Healthcare	Bryan Becker, MD	* **
		Shaul Massry Distinguished Lecture	Allan J. Collins, MD, FACP	
3:30pm-4:00pm		Break		

4:00pm-5:30pm	362	Water We Doing? Part 1: Water We Up To: Today's Water Treatment Challenges Part II Water We Going to do: Water Treatment Solutions Part III Computer interactive: Applying the Knowledge	Chair: Lee Cauble, BSN,RN Mark Ralston PA, CHT Richard Ward, PhD	
4:00pm-5:30pm	268	Treatment/Prevention of Diabetic Nephropathy The Value of Proteinuria as a Surrogate measure of Progression ACE vs ARB (Renin Inhibitors) vs Combination Impact of Glycemic Control on Microvascular and Macrovascular Complications	Chairs: Raymond Townsend, MD, FAHA, FCHBPR, & George Bakris, MD George Bakris, MD Linda Fried, MD Nicholas Emanuele, MD	*
6:00pm – 7:30pm		Opening Ceremonies and Reception in Exhibit Hall		
7:30pm – 9:30pm	802	Challenges Turn into Opportunities: Anemia Management Controversies <i>Supported by an unrestricted medical educational grant from Fresenius Medical Care North America</i> Overview of Anemia of CKD and Relationship to Patient Outcome Challenges to Effectively Manage Anemia of CKD Current Views on Methods of Optimizing Intravenous Iron Replacement in Anemia of CKD Q&A/Panel Discussion	Chair: Lynda Szczech, MD, MSCE Lynda Szczech, MD, MSCE Kamyar Kalantar-Zadeh, MD, MPH, PhD Anatole Besarab, MD All Faculty	

Thursday, April 15th

Time	Session Number	Session Title	Speaker(s)	Notes
6:00am – 7:45am	803	<p>Strengths and Drawbacks of Current Immunosuppressant Agents <i>Supported by an unrestricted medical educational grant from Bristol-Myers Squibb</i></p> <p>Welcome and Introduction</p> <p>Mixing and Matching to Balance Immunosuppressant Benefits and Risks</p> <p>Immunosuppression and Patient Outcomes: Regimens for Today and Tomorrow</p> <p>Patient Empowerment: The Key to Improving Immunosuppressant Adherence</p> <p>Case Studies Debate: Individualizing the Ideal Immunosuppressant Regimen</p>	<p>Chair: Roy D. Bloom, MD</p> <p>Roy D. Bloom, MD</p> <p>Aimee Sundberg, PharmD</p> <p>Roy D. Bloom, MD</p> <p>Rebecca Hays, MSW, APSW</p> <p>All Faculty</p>	
6:00am – 7:45am	804	<p>Critically Ill Cancer Patients: The Nephrologist's Role <i>Supported by an unrestricted medical educational grant from Sanofi-Aventis</i></p> <p>TBD</p>	TBD	
7:00am-8:00am		Continental Breakfast in Exhibit Hall		
8:30am-10:00am	363	<p>Developing A Home Program: Lessons Learned</p> <p>Economics of Home Hemodialysis, PD and Nocturnal HD</p> <p>Insights into Developing a Home Program</p> <p>Outcomes: Not Just Numbers</p>	<p>Chair: Eileen MacFarlane, BSN, RN, CNN</p> <p>John Moran, MD, BS FRACP, MACP, FASN</p> <p>Ann Robar RN, BSN, CNN</p> <p>Maureen Holland RN, CNN</p>	

		The Need to Know for Home Dialysis Installation	Danilo Concepcion, CCHT, CHT	
8:30am-10:00am	270	Vascular Access: Implications and Considerations How to Minimize the Use of Tunneled Hemodialysis Catheter What Do We Need to Know About Failed Fistulae? Central Venous Stenosis	Chairs: Arif Asif, MD & Alexander Yevzlin, MD Ivan D. Maya, MD Gerald Beathard, MD, PhD Arif Asif, MD	*
10:00am-10:30am		Break		
10:30am-12:00pm	364	Implications of Volume Overload in HD Pathophysiology of Volume Overload Strategies to remove fluid in HD	Chair: Heather Paradis, CHT James Atkins, MD Diana Hlebovy, BSN, RN, CNN, CHN	
10:30am-12:00pm	273	The Complications of Peritoneal Dialysis Infectious Complications of PD Non-Infectious Complications and Adequacy in PD PD Failure: When to Switch and when to Persevere	Chair: Lisa Nanovic, DO Beth Piraino, MD Joanne Bargman, MD, FACP Lisa Nanovic, MD	*
10:30am-12:00pm	669	Presenting with Power: Putting the Power in PowerPoint & Public Speaking made easy and Fun	Phyllis Renfrow, MS	**
12:00pm-12:30pm		Break, Exhibit Hall Open		
12:15pm-1:15pm		Lunch in the Exhibit Hall		
2:00pm-3:30pm	365	Facility Management Forum Section I Interviewing Techniques	Chair: Marianne Neumann, RN, CNN Gus Browne	
2:00pm-3:30pm	672	Life and Limb: A Case Study Approach to Extremity Health Understanding the foot exam and common conditions of the Nephrology Patient	K. Kyle Ballew, MD	**

		Peripheral Nephropathy or PAD	Tricia Howard, MHS, PA-C	
2:00pm-3:30pm	276	Fibroblast Growth Factor-23 in CKD and ESRD How FGF-23 Works FGF-23 and Mineral Metabolism in CKD FGF-23 and Mortality in Dialysis Patients and CKD	Chairs: Rajnish Mehrotra, MD, FASN, MBBS & Bryan Kestenbaum, MD, MS L. Darryl Quarles, MD Joachim Ix, MD Orlando Gutierrez , MD	*
3:30pm-4:00pm		Break		
4:00pm-5:30pm	366	Facility Management Forum Section II Professionalism Quality	Chair: Marianne Neumann, RN, CNN Denise Warren Karen Maier, RN, AAS, CHP, CNN	
4:00pm-5:30pm	367	Improving Morbidity and Mortality: A look at Three Programs & Tips to Help Your Patients FMC Right Start Satellite Optimal Start	Chair: Sheila Deziel, RN, BSN, CNN Rebecca Wingard, MSN, RN, CNN Linda McCann MS, RD	
6:00pm – 7:30pm		Networking Reception in Exhibit Hall		
7:30pm – 9:30pm	805	When a Catheter is Needed: Minimizing Risks and Optimizing Outcomes <i>Supported by an unrestricted medical educational grant from Genentech</i> Catheters as Vascular Access for Chronic Hemodialysis A Systemic Interdisciplinary Approach for Preventing and Managing Catheter Dysfunction Catheter Dysfunction: Evidence-Based Strategies to Achieve and Maintain Adequate Dialysis	Chair: TBD TBD Lesley Dinwiddie, MSN, RN, FNP, CNN TBD	

		Case Studies: Assessing and Treating Catheter Dysfunction	All Faculty	
Friday, April 16th				
Time	Session Number	Session Title	Speaker(s)	Notes
8:00am-9:00am		Continental Breakfast Served in Exhibit Hall		
9:30am-11:00am	368	Medication Meltdown The What, Why and How Much for Stage V Patients	Chair: Lee Cauble, BSN,RN	
		Sequential BP med withdrawal as pt volume decreases	Traci Anderson-Haag, PharmD, BCPS	
9:30am-11:00am	282	Geriatric Nephrology	Chairs: Manjula Tamura, MD & TBD	*
		Dialysis Decisions in the Elderly	Mark Swidler, MD	
		Transplant Evaluation and Outcomes in the Elderly	Brian Becker, MD	
		Geriatric Rehabilitation in ESRD Patients	Vanita Jassal, MD	
9:30am-11:00am	284	Kidney Early Evaluation Program (KEEP) Update	Chair: Joseph Vassalotti, MD	*
		KEEP Overview and Comparison to Other CKD Datasets	George Bakris, MD	
		Chronic Kidney Disease: A High Priority Cardiovascular Risk State--Clinical Implications	Peter McCullough, MD, MPH,FACC, FACP	
		CDC Demonstration Project and International CKD Detection Network	Allan Collins, MD	
11:00am-11:15am		Break		
11:15am-12:45pm	369	Dietary Sodium: Less is More	Chair: Sheila Deziel, RN, BSN, CNN & Aimee Jaremowicz, RD, LDN	**
		Public Health Approach	Christine Johnson, MBA	
		Nephrology Practice	Joseph Vassalotti, MD	

		Dietitian Implementation	Linda Ulerich, RD	
11:15am-12:15pm	372	CROWNWeb	Matthew McDonough, MS	
11:15-12:15pm	487	Ethical and Practical Implications for Geriatric Transplants	Kristen Fischer, MSW, LCSW	**
12:15am-1:30pm		Lunch		
1:30pm-3:00pm	370	Mock Disaster Drill CMS Regulations for Disaster Preparedness Are you prepared? Test your knowledge using the audience response system	Chair: Jim Curtis, BS, CHT, CCHT Sherilyn Burriss, MPA, CEM	
1:30pm-3:00pm	285	Critical Care Updates Glycemic Control in the ICU – What Should Our Targets Be? What is the Impact of Transfusion on Our Critically Ill Patients? Steroids in the ICU	Chairs: Ashita Tolwani, MD & Lakhmir S. Chawla, MD Kevin Finkel, MD Kathleen Liu, MD, PhD Lakhmir S. Chawla, MD	*
3:30pm-5:00pm	288	KDOQI in the Era of Global Guidelines Overview of KDOQI Presentation on CKD-MBD Commentary Presentation on Transplant Commentary Questions & Answers	Chair: Jeffrey Berns, MD Jeffrey Berns, MD Katrin Uhlig, MD Margaret Bia, MD All Faculty	
5:30pm – 6:30pm	293	Implications of the New ESRD Bundled Payment System Economic Analysis Impact of Inclusion of Oral Drugs in the Bundle	Chairs: Lynda Szczech, MD & Allan J. Collins, MD, FACP Rachel L. Feldman Wendy St. Peter, PharmD	**

		Clinician Perspective	Peter DeOreo, MD	
6:45pm – 7:45pm	101	Health Professionals Networking Reception		
Saturday, April 17th				
Time	Session Number	Session Title	Speaker(s)	Notes
8:00am-9:30am	371	Coordination of Care Between Dialysis Facility and the Transplant Facility Practical suggestions for meeting the CMS regulations Tips to ensure that your patient is prepared while waiting What does multiple listing do for my patient	Chair: Liz Henry, RN, CNN Carolyn Atkins, BS, RN, CCTC Rebecca Hays, MSW, APSW Karen Kritsch, PhD, RD	**
8:00am-9:30am	290	First, Do No Harm: Medication-Related Problems and Safety in CKD Medication-Related Problems at a 30,000 Foot Level Medication-Related Problems During Healthcare Transitions: Don't Let Your Patient Slip Through the Cracks Top 10 Medication-Related Problems in CKD and How to Avoid Them	Chairs: Wendy St. Peter, PharmD and George R. Aronoff, MD, FACP Wendy St. Peter, PharmD Nancy Mason, PharmD Carol Moore, PharmD	★
8:30am – 12:30pm		NNCC Exam		
9:30am-10:00am		Break		
10:00am-11:30am	291	Management Challenges in CRRT Volume Management in CRRT Anticoagulation for CRRT	Chairs: TBD Lakhmir S. Chawla Ashita Tolwani, MD	★

		Drug Dosing for CRRT	Bruce Miller, MD	
10:00am-11:30am	579	Meditation and Stress Reduction in the Obese Patient	Debra A. Conneely, MSW, LSW Carole Conn, PhD, RD	* **
11:30am		Meeting Adjourns
