NEPHROLOGY AND TRANSPLANTATION UPDATE EXHIBITOR PROSPECTUS

Health Professionals' Conference

The Westin, Hilton Head Island, South Carolina

September 25 - 27, 2009

The National Kidney Foundation Serving Georgia Nephrology and Transplantation Update is a two and a half day regional educational meeting designed to cover all aspects of clinical nephrology. Each year, the conference addresses specific aspects in kidney disease through scientific lectures and sessions that cover all aspects of chronic kidney disease care including: care of the patient prior to initiation of renal replacement therapy, novel dialytic therapies, nutritional requirements, and social service needs of patients. Organ procurement and clinical management of the transplant patient are featured topics, as well.

IMPACT OF SUPPORT

The partnership between NKF Serving Georgia and industry supporters produces the premier annual educational conference for the majority of Georgia's practicing nephrologists and allied health professionals.

GIFT OF LIFE SUPPORTER

ENERGY BOOST

\$1500

It's no secret that this part of the day, is often the highlight of the day! Whether its breakfast, lunch, coffee break or a reception, giving the participants a chance to recharge could be just what the Nephrologist ordered. Besides knowing you're helping NKF promote an excellent program, you're also feeding the participants with energy to be the best they can be.

- Recognition Board
- GOBO
- Choice of Meal (first come first serve – no pun intended)
- Recognition in the Nephrology and Transplantation Update syllabus and other printed materials associated with the conference (print and online)
- Verbal Recognition prior to meal

The National Kidney Foundation Serving Georgia has sponsored an annual Nephrology and Transplantation Update since 1988. Last year's participants from Georgia, North and South Carolina, Tennessee, Alabama and north Florida earned continuing education credits at the meeting. The credits were awarded to physicians, nurses, dialysis technicians, social workers, dietitians, and practice administrators. This year's meeting is designed to provide education across the entire continuum of chronic kidney disease including information relevant to nephrologists in the private sector and academia, general internists, physician assistants, nephrology nurses and technicians, nurse practitioners, nephrology social workers, renal and clinical dietitians, fellows, residents, administrators and other health professionals interested in the care of patients with chronic kidney disease.

The National Kidney Foundation is accredited by the Accreditation Council for Continuing Medical Education (ACCME), the New York State Nurses Association (NYSNA) an accredited approver by the American Nurses Credentialing Center's Commission (ANCC) on Accreditation, the Commission on Dietetic Registration (CDR) and Association for Social Work Boards (ASWB) to provide CME and CE for physicians, nurses/technicians, dietitians and social workers respectively.
