

Supporting Camp Wiwanawi

Summer camps are a very special childhood memory for many people who were lucky enough to have experienced one. Children with kidney disease are no exception.

In support of the mission of "Saving Lives Today," Camp Wiwanawi

operates entirely through the generosity of individuals, foundations, and corporate partners. The average cost per child exceeds \$1,500 per week. Because all programs are offered free of charge to children and their families, we continue to rely solely on donations to provide this unique camp experience.

NKFNC is a nonprofit organization and all contributions, including gift-in-kind, are tax deductible to the extent allowed by law.

Help support a child's dream and donate to Camp Wiwanawi. Corporate sponsorship opportunities are available.

For details, call 800.356.5362.

CAMP WIWANAWI

The National Kidney Foundation of North Carolina is committed to providing an opportunity for children affected by kidney disease to experience a camp that is both medically sound and memorable, while instilling passion, pride, joy, and knowledge through education, participation, and dedication of all involved.

Camp Wiwanawi strives to provide opportunities for personal growth and self confidence, peer support and normal life experiences. The week long camp located in the North Carolina mountains, is free to all children referred by a North Carolina nephrologist.

CAMP ACTIVITIES

- ☀ Pool & Pizza Party

VOLUNTEER OPPORTUNITIES

Camp Wiwanawi is designed to offer children ages 8-14, with kidney disease (pre-dialysis, Hemodialysis, CAPD, or transplant recipients), the opportunity to experience the joys of summer camp.

We currently need...

- ☀ RN's
- ☀ Counselors
- ☀ Activity Leaders

We rely on compassionate and dedicated medical volunteers to ensure the continued growth and quality of the program.
