Topics and Speakers

The Wearable Artificial Kidney (WAK)

Victor Gura, MD

Associate Clinical Professor of Medicine, UCLA,
Beverly Hills, CA

Kidney Failure Disasters

Kenneth Lempert, MD, MSPH

Nephrologist, Nephrologist Consultants of
Northwest Ohio,
Toledo, OH

Tweets & Likes: The Role of Social Media in Nephrology Education

Swapnil Hiremath, MD, MPH

Assistant Professor, University of Ottawa,
Ottawa, ON

Renal Denervation: Still Alive or Dead on Arrival?

David Lee, MD

Associate Professor, Stanford University,
Stanford, CA

Physician Visits in Hemodialysis: Lessons from National Reimbursement Reform

Kevin Erickson, MD, MS

Instructor of Medicine, Stanford University,
Stanford, CA

Breakout Sessions

1A: Panel: CKD in Vulnerable Populations

CKD Epidemic in Farm Workers

Shuchi Anand, MD, MS

Instructor, Nephrology, Stanford University,
Palo Alto, CA

ESRD in the Undocumented Immigrant

Rudolph Rodriguez, MD

Director of Hospital and Specialty Medicine,
VA/University of Washington,
Seattle, WA

1B: Panel: Bedrocks of Dialysis Care

Anemia

Wolfgang Winkelmayr, MD, ScD

Chief, Section of Nephrology, Baylor
College of Medicine,
Houston, TX

Bone & Mineral Metabolism

Linda McCann, RD, CSR

VP Clinical Applications/Nutrition,
Satellite Healthcare, Inc.,
San Jose, CA

2A: Panel: Living Better—Considerations in

Quality of Life

*Symptom Targeted Intervention (STI) to Address
Symptoms of Anxiety, Depression and Treatment
Non-Adherence*

Melissa McCool, LCSW

Founder, STI Innovations,
Encinitas, CA

Sexual (Dys)Function

Glenn Chertow, MD, MPH

Professor of Medicine & Chief, Division of
Nephrology, Stanford University School of
Medicine; Norman S. Coplon/Satellite
Healthcare Professor of Medicine,
Palo Alto, CA

2B: Panel: Novel Drug Therapies in CKD

*Hepatitis C Management in the Era of Direct
Acting Antiviral Therapy*

Mandana Khalili, MD

Professor of Medicine, Chief of Clinical
Hepatology, University of California San Francisco,
San Francisco, CA

*SGLT-2 Inhibitors: The Kidneys Take Center
Stage in Diabetes Control*

David Pearce, MD

Professor, University of California San Francisco,
San Francisco, CA

Panel: Increasing the Number of Kidney Donors

*Will you be my Kidney Donor? How to Ask the
Most Difficult Question*

Marie Anne Sosa, MD

Physician, UMass Memorial Medical Center,
Shrewsbury, MA

Mix, Match and Exchange: Kidney Paired Donation

Christoph Troppman, MD

Professor of Surgery, University of California,
Davis, Medical School,
Sacramento, CA

Reflections from a Recipient & Donor Pair

Oddette Augustus and Mabelle Gideon

Program Overview

This full day symposium will provide nephrology healthcare professionals with timely updates on CKD guidelines & standards, treatments, and co-morbidities, so that they may better care for and serve patients who are affected by kidney disease.

Target Audience

This program is designed for physicians and physician assistants, nurse practitioners, nurses, dialysis technicians, dietitians, social workers, and healthcare professionals who care for individuals with kidney disease, and in the fields of dialysis, transplantation and organ donation.

Learning Objectives

After attending this symposium, participants will be able to:

- Describe how the WAK will address treatment options for renal replacement therapy
- Define and assess disaster preparedness in the nephrology setting
- Recognize the means to mitigate the impact of a disaster on those who are dialysis-dependent
- Identify ways in which healthcare providers can use social media in healthcare to maximize potential benefits for patients
- Describe the current state of renal denervation as a treatment for hypertension
- Discuss the problem of critical limb ischemia and limb loss in renal patients
- Describe new treatment options and the importance of renal artery stenosis
- Compare and contrast the relationship between physician visits and dialysis patient outcomes
- Discuss the history and current state of CKD of unknown etiology in certain populations in Meso-America and in Sri Lanka
- Describe the current state of providing chronic kidney disease care to undocumented immigrants in the United States
- Discuss recent comparative effectiveness research informing treatment choices in anemia care
- Compare the new research and evidence in the area of CKD-MBD
- Describe hepatitis C management in the era of new and highly effective anti-hepatitis C therapy and their implications in CKD
- Identify the role of the kidneys in diabetes pathogenesis and the potential benefits and risks of inhibiting the Na-glucose cotransporter SGLT2
- Discuss models to address symptoms of emotional distress and treatment of non-adherence
- Discuss the issues around sexual functions/dysfunction for individuals with chronic kidney disease
- Identify strategies to improve living kidney donation rates
- Discuss up-to-date information on kidney paired donation and its impact on patients with chronic kidney disease that are seeking a live donor transplant
- Recognize the experience of the donor/recipient pair

Method of Participation

Participants will attend the live symposia and submit a completed evaluation that will be accessible online. A certificate of completion will be sent to participants immediately upon completion of the online evaluation. CME/CE Credits/Contact hours will be awarded based on session(s) attended. Instructions on how to access the evaluation will be provided separately. Participants have up to four (4) weeks after the symposia to complete the evaluation.

CME/CE Information

Physician

The National Kidney Foundation is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

This activity has been approved for *AMA PRA Category 1 Credit(s)*[™].

Physician Assistant

AAPA accepts certificates of participation for educational activities certified for Category I credit from AOACCME, Prescribed credit from AAFP, and *AMA PRA Category 1 Credit(s)*[™] from organizations accredited by ACCME or a recognized state medical society.

Nurse Practitioner

This program will be submitted to the American Association of Nurse Practitioners.

Nurse and Dialysis Technician

The National Kidney Foundation is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

Provider approved by the California Board of Registered Nursing, Provider Number 13475.

Dietitian

The National Kidney Foundation is a Continuing Professional Education (CPE) Accredited Provider with the Commission on Dietetic Registration (CDR).

Social Worker

The National Kidney Foundation Council of Nephrology Social Workers, approval number PCE 2410, is approved as a Continuing Education Provider by the California Board of Behavioral Sciences. This course meets the qualifications for continuing education credit for LCSWs as required by the California Board of Behavioral Sciences.

The National Kidney Foundation Council of Nephrology Social Workers, Provider #1014, is approved as a provider for social work continuing education by the Association of Social Work Boards (ASWB) www.aswb.org, through the Approved Continuing Education (ACE) program. The National Kidney Foundation Council of Nephrology Social Workers maintains responsibility for the program.

Disclosure & Disclaimer Policies

Declaration of Disclosure: It is the policy of the National Kidney Foundation (NKF) to ensure balance, independence, objectivity, and scientific rigor in all CME/CE activities. Any individual who has control over CME/CE content is required to disclose to learners prior to the activity any relevant financial relationships they may have with commercial interests supporting this activity or whose products or devices are discussed in this activity. If, on the basis of information disclosed, a perceived conflict exists, resolution will be achieved based on NKF's Disclosure and Conflict of Interest policy. Accredited status does not imply endorsement by the NKF or ANCC of any commercial products displayed in conjunction with this activity.

Unlabeled/Investigational Use Declaration: During their presentations, faculty may discuss an unlabeled use or an investigational use not approved for a commercial product. Each faculty member is required to disclose this information to the audience when referring to an unlabeled or investigational use.

Disclaimer: The faculty and NKF do not recommend the use of any pharmaceutical, diagnostic test, or device outside of the labeled indications as approved by the FDA. Please refer to the official prescribing information for each product for approved indications, contraindications, and warnings.

Information contained in this NKF educational resource is based upon current data available at the time of publication. Information is intended to help clinicians become aware of new scientific findings and developments. This NKF educational resource is not intended to set out a preferred standard of care and should not be construed as one. Neither should the information be interpreted as prescribing an exclusive course of management.

Variations in practice will inevitably and appropriately occur when clinicians take into account the needs of individual patient, available resources, and limitations unique to an institution or type of practice. Every health care professional making use of information in this NKF educational resource is responsible for interpreting the data as it pertains to clinical decision making in each individual patient.

Sponsorship: This course may receive support, in part, by educational grants from industry. At this time, a complete listing of commercial supporters is not available. Appropriate acknowledgment will be given to all supporters at the time of the educational activity.
