

Partnership Opportunities:

Dining with the Stars

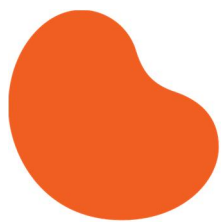

Thursday, November 5, 2015

Executive Caterers at Landerhaven

VIP Event: 5:30-6:30PM

Main Event: 6:30-9:00PM

National
Kidney
Foundation™

OVERVIEW OF DINING WITH THE STARS

The National Kidney Foundation is uniting local chefs, restaurants, and celebrities in the fight to raise awareness about kidney disease. Chefs will create small dishes to be sampled by guests at the event. A silent and/or live auction will be provided with unique packages to go along with the main event.

WHY ATTEND AND SUPPORT DINING WITH THE STARS?

Dining with the Stars is a fun filled evening enabling you to mingle with local celebrities and sample delicious food created by local chefs. This event is a wonderful opportunity for companies to entertain clients, thank dedicated employees, or simply enjoy an evening out while supporting a great cause.

NATIONAL KIDNEY FOUNDATION MISSION

The National Kidney Foundation (NKF), a major voluntary non-profit health organization, is dedicated to preventing kidney and urinary tract diseases, improving the health and well-being of individuals and families affected by these diseases and increasing the availability of all organs for transplantation. The National Kidney Foundation achieves life-saving results through the generous contributions of individuals and organizations in the communities which it serves.

WHO WE ARE

Kidney disease is a major health problem in the U.S. and around the world. More than 90,000 Americans are on the waiting list for a lifesaving kidney transplant and 380,000 rely on a dialysis machine to keep them alive. In addition, 26 million – 1 in 9 American adults – currently have chronic kidney disease (CKD) and most don't know it. There are 73 million people at risk for Chronic Kidney Disease. Because symptoms may not appear until the kidneys are actually failing, millions of people are unaware they have kidney damage and are not taking steps to protect the health of their kidneys.

The National Kidney Foundation is the leading organization in the U.S. dedicated to the awareness, prevention and treatment of kidney disease for hundreds of thousands of healthcare professionals, millions of patients and their families, and tens of millions of Americans at risk.

The National Kidney Foundation is a leader in promoting organ donation awareness through local community fairs, seminars, school programs, and special events. We are dedicated to promoting organ donation through the National Organ Donor Registry. Dialysis clinics and thousands of CKD patients turn toward the NKF for patient services, information, education, and support.
