National Kidney Foundation™

The National Kidney Foundation is the leading organization in the United States dedicated to the awareness, prevention and treatment of kidney disease.

- 30 million Americans are living with kidney disease.
- 80 million Americans are at risk for kidney disease.
- 120,000+ people are waiting for a kidney transplant.
- Kidney disease is the 9th leading cause of death in America.

the VISION

Imagine a world where kidney disease is caught “before early” and treated before it causes significant damage. Imagine a world where people don’t have to go to a dialysis center three times a week to stay alive. Imagine a world where \$100 billion a year in public funding does not have to be diverted to kidney healthcare. Imagine a world with no wait list for people seeking a kidney. Imagine a world where people live healthier lives.

These realities are within our grasp. We invite you to join us in this vision by partnering with us for the *Magic of Giving Gala 2018*.

the OPPORTUNITY

Magic of Giving Gala 2018 is a signature event of the National Kidney Foundation. Proceeds from the evening benefit kidney disease patients in Kansas and Missouri.

This event is a great way to make a difference in your community. Host clients and friends, showcase your business and most importantly, help the NKF shine a light on this growing public health issue as a caring community partner and a leading voice for patients.

the EVENT

The Magic of Giving Gala is a celebration of good food, great drinks and inspiring stories. This signature event is an ideal opportunity to interact with a sophisticated audience who appreciates your commitment to our community. With high visibility within the healthcare arena, the Gala is well attended and sponsored by area hospitals, nephrologists, nephrology nurse practitioners, transplant providers, and those who care for patients with CKD such as cardiologists and nurse practitioners.

Guests will enjoy a balloon pop, silent and live auctions, fabulous food, entertainment and more. The Magic of Giving Gala's success is crucial in maintaining our services and programs in the Kansas City community. Outstanding contributions to the community in the fight against kidney disease are recognized through the presentation of the Patrick and Virginia Clune Award of Excellence.

Associate your name with this distinctive event and show your dedication to our community by being a partner in the *Magic of Giving Gala*.

the NKF

Chronic kidney disease is serious and so are we! The National Kidney Foundation is the leading organization in the U.S. dedicated to the awareness, prevention and treatment of kidney disease for hundreds of thousands of healthcare professionals, millions of patients and their families, and tens of millions of Americans at risk.

Fueled by passion and urgency, the NKF is a lifeline for all people affected by kidney disease. As pioneers of scientific research and innovation, the NKF focuses on the whole patient through the lens of kidney health. Relentless in our work, we enhance lives through action, education and accelerating change.

By supporting the National Kidney Foundation, you directly influence and positively impact the lives of those at risk for kidney disease, those living with chronic kidney disease, and those who care for, and about them.
