Ways Corporate Members and Their Employees Can Get Involved

JOIN A LOCAL EVENT

Use your skills and experience to help run a local Kidney Walk, NKF Golf Classic, or social events. NKF volunteers can do anything from event setup to event clean-up and everything in between.

CREATE A HEALTHIER COMMUNITY

Volunteers can help educate kidney patients and perform community kidney health check-ins.

VOLUNTEER IN ADVOCACY

Personal stories are powerful. Volunteer advocates can share them with policymakers to motivate them to pass legislation that would benefit millions of lives.
