Bonne Santé - A Food & Wine Showcase

The National Kidney Foundation along with culinary gold medalist Chef William Koval of the Lakewood Country Club, are pleased to announce their 9th Annual *Bonne Santé* Chef Showcase. The event will be held on Saturday February 2, 2019 at The Westin Galleria Dallas. The evening will showcase top chefs from not only the Dallas/Fort Worth area but also from around the country. Each chef will prepare signature dishes paired with fine wines. The event will be a mix and mingle affair where guests can sample dishes and wines while enjoying entertainment and a variety of auction items.

ABOUT NKF

- The National Kidney Foundation, a major voluntary 501(c)(3) nonprofit health organization, is the leading organization in the U.S. dedicated to the awareness, prevention and treatment of kidney disease for hundreds of thousands of healthcare professionals, millions of patients and their families and tens of millions of Americans at risk.
- 1 in 3 Americans over age 20 – 73 million – are at risk because they have one of the following: diabetes, high blood pressure or a family history of kidney disease.
- Over 30 million Americans—1 in 7 already have chronic kidney disease.
