- College student
- Post-baccalaureate fellow
- Medical student
- Graduate student
- Resident
- Clinical Fellow
- Post-doctoral fellow
- High School student
- Other (explain)

For assistance, contact michele.anthony@kidney.org

Abstract Instructions

- Please prepare an abstract on a single page and submit as a PDF document.
- Limit: 400 words including section headings.
- Font size: 11 or 12.
- Do not provide author names or institution.

The Abstract Review Panel will consider all elements of the abstract. The **Introduction** section succinctly describes and appropriately connects the subject and context/background to the purpose of the investigation. The **Methods** section identifies the methods used to study the subject of the investigation. The **Results** section provides a succinct and specific explanation of what was discovered, accomplished, collected or produced. It may include one figure or table, not larger than 3X3 inches, including legend (words in the legend do not count against the 400 word limit). The **Conclusion** section summarizes the findings and puts them in context. The **Implications** section should make clear what this study means for nephrology or urology and/or could mean for present or future kidney patients. The Fellows Research Forum will take place on June 5 at MedStar Georgetown Hospital. All applicants must be present that evening.

Abstract Format

Title (Do not provide author names or institution)

- I. Introduction
- II. Methods
- III. Results (May include one figure or table)
- IV. Conclusion
- V. Implications
