2020 NKF KONICA MINOLTA COLORADO GOLF CLASSIC

Rope Game Rules

- A team can use their rope (1) only if the ball is within the rope's distance to the hole, and (2) in lieu of choosing to putt. **The use of the rope will still count as a stroke**, but will result in the putt being made without the players having to hit the putt. (See example on the next page.)
- **A team is only allowed to use their rope on 3 holes - one par 3, one par 4, and one par 5, of their choosing.**
- If a team chooses to putt and misses, it cannot then elect to use the rope instead. Any use of the rope counts as a shot.
- Each player is allowed to have up to 3 feet of rope.
 - One foot of rope is included with the all-access pass.
 - Two additional feet of rope can be purchased for \$25 per foot for a total of \$50.
 - The maximum feet of rope that any team can have is 12 feet (i.e., 3 feet per person).

See example on next page

Rope Game Example

- **Example:** Team A has purchased the full 12 feet of rope. Their first hole is a par 3, and one of the players hits her first shot to within 5 feet of the hole. Since the ball is within 12 feet of the hole, Team A is permitted to use their rope on this hole should they decide to do so. If Team A elects to use the rope, then no member of the team needs to do anything else. Team A gets a hole in two (the initial shot + the rope shot) but going forward, can now only use their rope on one par 4 and one par 5. Alternatively, since Team A has a short putt, it can decide to try putting and save the rope for a different par 3.
 - **If a Team A's ball were in the sand/rough, could it still use the rope?**
 - Yes, since Team A's ball is within 5 feet of the hole and it has 12 feet of rope.
 - **If Team A's ball is 13 feet from the hole, can they use the rope to move it closer?**
 - No, the rope can only be used if the ball is within the rope's distance to the hole.

For questions regarding the all-access pass or the rope game please contact Danielle Otsuka at danielle.otsuka@kidney.org or 720-748-9991 x451
