Central Ohio Kidney Walk Sunday, September 20, 2020 Virtual

WHAT IS THE NATIONAL KIDNEY FOUNDATION?

Fueled by passion and urgency, National Kidney Foundation is a lifeline for all people affected by kidney disease. As pioneers of scientific research and innovation, NKF focuses on the whole patient through the lens of kidney health. Relentless in our work, we enhance lives through action, education and accelerating change.

IN THE WAKE OF COVID-19, KIDNEY DISEASE HAS NOT STOPPED, AND NEITHER HAS NKF. WITH YOUR SUPPORT:

- We fought for personal protective equipment all caregivers and patients needed during the COVID-19 outbreak
- We immediately went to work when the COVID-19 pandemic threatened transplant surgeries and convinced the federal government to clarify that organ transplants were "essential"
- Finally, we jumped into action to highlight the policy and regulation hurdles in the way of home dialysis training and we won't stop until anyone who wants to safely, can treat at home

WHAT IS KIDNEY WALK?

Held in more than 70 communities, Kidney Walk is the National Kidney Foundation's largest awareness campaign and the country's largest walk to end kidney disease. Kidney Walk celebrates those whose lives have been impacted by chronic kidney disease and promotes healthy living. Funds raised support lifesaving programs that support patients, their families and those at risk.

WHY PARTICIPATE?

Build community goodwill and address corporate social responsibility objectives.

Further employee engagement goals: inspire loyalty and productivity while engaging staff toward a shared goal and common purpose.

Demonstrate a commitment to creating local impact by supporting patients in communities where you do business.

Kidney patients need us now more than ever. Thank you for your support a standing alongside us in the fight to end kidney disease!!
