The Power of Partnership

Our core commitment will always be to patients, Longino said. But as we evolve as an organization, we believe that one of the best ways to serve patients is to invest in the early diagnosis of kidney diseases, to provide educational tools and resources for professionals, and to support research that has the potential to reduce the burden of kidney diseases in the future.

Kevin Longino, CEO
National Kidney Foundation
National Kidney Foundation (NKF)

NKF is the largest, most comprehensive, and longstanding, patient-centric organization dedicated to the awareness, prevention, and treatment of kidney diseases in the US. Fueled by passion and urgency, NKF is a lifeline for all people affected by kidney diseases. Relentless in our work, we enhance lives through action, education, and accelerating change.

BUILDING PARTNERSHIPS TO FIGHT KIDNEY DISEASES THROUGH:

- Education
- Research
- Advocacy
- Innovation

The National Kidney Foundation, a 501(c)(3) Nonprofit organization with Headquarters of offices in New York City, Government Relations in Washington, DC and 36 Division and Affiliate Of offices across the country.
Now More Than Ever

We need companies like yours to join us to amplify the voice of those fighting kidney diseases. Guided by Diversity, Equity, and Inclusion, the National Kidney Foundation (NKF) has been building partnerships to advocate for our kidneys for over 70 years. Your partnership and investment help us to continue our work to shed light on this issue and with a holistic approach transform our approach to kidney diseases.

The National Kidney Foundation has played a vital role in transforming the health industry by educating, advocating, and researching to shed light on over the 37 million adults estimated to have chronic kidney diseases. All these years have positioned us as a leader who brings solutions to the table in collaboration with partners like you invested in elevating the lives of those facing kidney diseases. Today, as the kidney community evolves, we ask you to join us in our commitment to guarantee that every individual facing kidney diseases will receive the same type of treatment options and care to regain their life back.

By implementing a hybrid model that serves both patients and physicians, we have been able to generate concrete results towards finding solutions to enhance the lives of those we serve.

We need companies like yours
Kidney Diseases Facts

1 IN 3 adults in the U.S. are at risk of kidney diseases.

37 MILLION adults in the U.S. have kidney diseases.

HISPANIC OR LATINO people are 13 times more likely to develop kidney failure than non-Hispanics.

BLACK OR AFRICAN AMERICAN people suffer from kidney failure about 4 times more than White people.

35% of all patients with kidney failure are Black/African American, even though this group is 13% of the U.S. population.

24,670 people received a kidney transplant in 2021.

Corporate Partners Volunteer Opportunities

3 WAYS YOUR EMPLOYEES CAN TAKE ACTION AGAINST KIDNEY DISEASES

JOIN A MOVEMENT
Use your skills and experience to help run a local Kidney Walk, NKF Golf Classic, or other social events. NKF volunteers can do anything from event setup to event clean-up and everything in between.

CREATE A HEALTHIER COMMUNITY
Volunteers can help educate kidney patients and perform community kidney health check-ins.

VOLUNTEER IN ADVOCACY
Personal stories are powerful. Volunteer advocates can share them with policymakers to motivate them to pass legislation that would benefit millions of lives.
