Kidney Social Summit

Sunday, March 24th, 2019

12:30 PM– 5:00 PM

WWW.KIDNEY.ORG/KSS-KC

Kidney Social Summit is a free event for patients, and their family members/caregivers. The seminar will focus on empowering kidney patients from early stage to transplantation. Interactive break-out sessions will encourage patients to share their stories and learn from others.

Sessions will be led by local health care providers and those impacted by kidney disease. Plus, kidney friendly snacks & local providers and organizations serving the CKD community are available in the exhibit area to provide attendees with information and additional resources.

By attending the conference, participants will be empowered to become actively involved in their or their loved one's health care.

Check us out on Facebook to see photos from last year's event.

www.facebook.com/NKF-servingMOKS

Topics for 2019 include:

- Intro to Container Gardening for Kidney Health
- Advocating for You!
- Transition to Adult Care
- Pig Kidneys, Clinical Trials & Research
- Seeking Support & Resources
- CKD Health Literacy
- Parents as Caregivers
- My Journey to Transplant
- Plus multiple Kidney Friendly Cooking courses
- And more!

Who will attend?

YOU! Patients (aged 14 and up) and up to three caregivers are invited to attend. Space is limited so be sure to reserve your spot. Each attendee should register individually. Registration will open in January 2019.
