

KIDNEY
WALK

National Kidney Foundation

2023 SPONSORSHIP PROPOSAL

**Atlanta Kidney Walk
October 14, 2023
Atlantic Station, Atlanta, GA**

WHAT IS THE NATIONAL KIDNEY FOUNDATION?

Fueled by passion and urgency, National Kidney Foundation (NKF) is a lifeline for all people affected by kidney disease. We are committed to providing ALL kidney disease patients with a better quality of life through research, patient and professional education, advocacy and increasing living kidney donation.

WITH YOUR GENEROSITY

Your support empowers all we do for families facing kidney disease in an ever-changing world. With your help, we are continuing to unite kidney communities, increase living donations, and advance public policy to protect living kidney donors. Because of you, we are moving the needle to a brighter future.

- After almost two years of collaboration with volunteer advisory committees—comprised of nephrologists, patient advocates, and researchers in academia and the private sector—the **NKF Patient Network** launched in February 2021. The NKF Patient Network is the first-ever national registry for patients at all stages of kidney disease. This powerful research tool will improve the lives of kidney patients by better informing research, clinical care, drug development, and health policy decisions.
- In June 2021, NKF introduced **Voices for Kidney Health**, a national community of patient and kidney care professional advocates. Voices for Kidney Health elevates the unique stories of patients and providers. The community will collaborate with elected officials and other public leaders to create big solutions that work—policies to help those facing the challenges of kidney disease and to promote better kidney health across the country.

WHAT IS KIDNEY WALK?

Held in nearly 70 communities, Kidney Walk is NKF's largest awareness campaign and the country's leading walk to fight kidney disease, uniting local communities to enhance the future for those affected by kidney disease. In 2023, we are once again, planning to come together both in our communities, and safely from our homes and neighborhoods, to LaceUp for the Kidney Walk and raise funds to provide lifesaving programs that support patients, their families and those at risk.
