HOW CAN CONGRESS HELP?

Living Donor Protection Act (S. 511/H.R. 1224)
Co-sponsor legislation that would prohibit discrimination in life, disability, or long-term care insurance for living donors. The bill also adds living organ donation to the Family and Medical Leave Act (FMLA).

Immunosuppressive Drug Coverage for Kidney Transplant Patients Act (S. 3353/H.R. 5534)
Medicare covers immunosuppressants for only 36 months post-transplant, leaving many recipients struggling to find affordable coverage. Extending Medicare coverage for immunosuppressive medications indefinitely ensures patients have access to these medications.

Appropriations
Increase funding in FY2021 for:
- The Kidney Public Awareness Initiative ($10m)
- Kidney X, the Kidney Innovation Accelerator ($25m)
- CDC’s Chronic Kidney Disease Initiative ($5m)
- National Living Donor Assistance Center (NLDAC) ($10m)
- National Institutes of Diabetes, Digestive and Kidney Disease (NIDDK) ($2.25b)

RHODE ISLAND

12,900 Medicare patients with CKD diagnosed
770 Medicare patients on dialysis
1,321 Kidney transplants performed since 1988
277 Kidney patients on the transplant waitlist
60 Kidney transplants in 2019
9 Patients who died while on waitlist in 2019
