Genetics in Nephrology - What Are We Missing?

TUESDAY, APRIL 19, 2022
6:00 PM - 7:15 PM CT

STREAMING VIA ZOOM MEETINGS

Join us for a roundtable discussion with Dr. Andrew Lazar, MD. In the evening's discussion, Dr. Lazar will provide information about the clinical utility of genetic testing in the general nephrology space and guide discussion on what pieces are still missing.

Attendees are encouraged to come prepared to share, participate, and converse in this highly interactive dialogue surrounding this timely, relevant topic to better serve your renal patients.

Audience: physicians, advanced practitioners and renal clinicians. The program is complimentary but registration is required.

Led by **Andrew Lazar, MD, FNKF**
Chief of Nephrology at University Hospitals Ahuja Medical Center, President of Cleveland Kidney Disease Associates, LLC and Owner of Cleveland Home Dialysis

Moderated by **Tarek Darwish, MD**
Kansas City Kidney Specialists
