Join us for food, fun and frolic! The positive energy of hundreds of people at the Kidney Walk is invigorating, inspiring and amazing!

The Kidney Walk is not just about kidney disease. It's about people. It's about patients, families, caregivers and the healthcare professionals who treat them! It's about individuals walking to help improve and extend people's lives!

It's all about people raising vital funds and helping in the fight against kidney disease right here in our own community!
