

# Join us for a **free presentation** about kidney health.

Wonder why **33%** of the cars are orange?  
**Kidneys.**

One third of all adults in the United States are at risk for kidney disease. That's like saying 1 out of every 3 drivers on a busy highway is at risk.

NATIONAL KIDNEY  
FOUNDATION®

YOUR KIDNEYS  
*and you*®

**Whether you think you're at risk or not, join us to learn about:**

- What kidneys do
- How to stay healthy and protect your kidneys
- How kidney disease impacts people
- COVID-19 and kidney health
- and much more!

**REGISTER  
TODAY!**

**TUESDAY, JANUARY 25, 2022**  
6:00pm—7:00pm ET

Presented on Zoom
